LONDON CHAPTER

Annual General Meeting
Monday November 12, 2012

Our Keynote Speaker

Briana Blencowe **“Human Trafficking”**

Human trafficking is the second most profitable business in the world. It is estimated that human trafficking is a \$32 billion a year criminal business. This is more than the combined profit of Google, Starbucks and Nike. As concerned Canadians we need to be informed of the problem's hold in our own communities in order to address this important quality of life issue that threatens the freedom of millions.

We welcome Briana Blencowe and her associate, a Human Trafficking victim from London, as featured speakers at our 2012 London Chapter Council of Canadian's AGM.
