

**Water Attachment
Meeting Minutes of June 14, 2011**

London Chapter encourages our 1800 London members to read all the Council of Canadians materials on water and in particular the Great Lakes narratives.

Maude Barlow is on a 15 city speaking circuit of Canadian and US cities around the Great Lakes. London is not included in this current initiative. Please send us your opinion – should we ask Maude to come to London? Let us know!
